Enjoy the Look of New Carpets and Upholstery Without the Cost of Buying New

PLUS, HERE'S 12 TOP TIPS TO KEEP YOUR PRECIOUS CARPETS & FURNISHINGS IN PRISTINE CONDITION...

"Look - it's dry already and he only left 30 minutes ago!"

1. Vacuum your carpets and upholstery regularly. Your carpet acts like a filter – it traps the dirt and grit walked into your home and carried in on clothes, grinds it into the fibres and slowly destroys them.

Regular vacuuming removes the vast majority of these abrasive elements. How frequently (daily or weekly) you need to vacuum depends upon your home circumstances.

12 TOP TIPS TO KEEP YOUR PRECIOUS CARPETS AND FURNISHINGS IN PRISTINE CONDITION...

...Continued from previous page.

2. Change the direction of your vacuuming to lift the pile and grab damaging dirt hidden at the base of your carpet/upholstery fibres.

3. Keep adjacent floor coverings clean to prevent grease from tiled kitchen floors or grit from driveways, patio entrances or wooden tiling being walked into your carpet.

4. Clean accidental spillages immediately to prevent staining. Discover the safest way to deal with spillages in our simple '**Emergency Spot-Removal Guide**'; call Free **1800 932 650** and just listen, or visit our webpage: www.cleaningdoctor.net/spots.html or call me on **087 289 5284** and I will send you a printed copy.

5. Be careful of the cleaning products you use. Never, ever, *EVER*, use household cleaning solutions on your precious carpets or furnishings.

Dish washing liquids, sprays or other general household cleaners leave dirt-attracting residue you cannot extract and can damage the pile or backing of your fabrics. This reduces the life of your carpet or furnishings dramatically.

6. Remove spots using a Woolsafe[®] professionally recommended cleaning solution such as a product called Unbelievable. Call me on **087 289 5284** for details.

7. Protect your carpets with entrance mats at every external door. Walk-off

mats attract and dirt-trapper mats trap the dirt walked in on shoe-soles and are ideal where you cannot insist on people wiping their feet.

8. Clean your entrance mats regularly. If the entrance is used extensively, clean mats daily to avoid excessive build-up which cancels the benefit of the mat.

9. Remove outdoor shoes when-ever possible. Doing so minimises grit, dirt, oil (from tarmac drives) and other pollutants being carried in on the soles of your shoes.

10. Get professional help. Choose expertly trained carpet & upholstery cleaners who use environmentally friendly cleaning materials and professional cleaning equipment.

Doing so vastly improves the appearance and extends the life of your valuable carpet and furnishings.

11. Renew anti-stain protective treatments. Protective treatments applied to your carpet or furnishings eventually wear off through normal use; usually within 12 to 24 months. Ask your carpet cleaning professionals to renew your anti-stain protection.

12. Follow a cleaning and maintenance plan that suits your family and lifestyle. Doing so **extends** the life of your carpet/upholstery **by up to 5+ years.**

It's certainly easier than having the expense and upheaval of buying and fitting new carpets!

When it comes to choosing who to trust with cleaning your valuable carpets, curtains and upholstery you may find yourself in a bit of a dilemma.

With claims of 'we are the best'; 'we give better value for money'; 'we can do it cheaper' who do you select to do that important job? Make the wrong decision and your expensive furnishings become a serious dirt magnet because the wrong cleaning products were used or, worse, they are completely ruined!

So how do you make that all-important decision? Follow these guidelines to have confidence in your final decision...

1. **Look** for experienced, properly trained and industry accredited cleaners who take a pride in their work.
2. **Check** that the equipment and the cleaning systems used are **approved by leading carpet manufacturers**. Be sure the right tools, the right materials *and* the right method is used for your specific cleaning job.
3. **Ask**; are other customers happy with the results? Examine what others have said. Does the company have **genuine testimonials** from people that you can ring up and talk to if you want to?
4. **Is the company insured against accidental damage?** After all, they are coming into your home and even if they are extremely careful you want to be sure that every eventuality is covered.
5. **Is their work fully guaranteed?** Are you offered a **courteous 100% money-back refund** if you are less than completely satisfied with the results?

At **Cleaning Doctor®** our many years of cleaning experience, our continuous professional training and our industry accreditation means **you can be confident your carpets and furnishings are in safe hands – always.**
